10	Recents button Touch to open a card view of applications you've worked with recently.
11	USB connector
12	Speaker

Battery

Charging the battery

- Charge the battery before using it for the first time or when it has been unused for extended periods.
- Use only PCD chargers, batteries, and cables. Unapproved chargers or cables can cause the battery to explode or damage the device.
- Connecting the charger improperly may cause serious damage to the device. Any damage caused by misuse is not covered by the warranty.
- To save energy, unplug the charger when not in use. The charger does not have a power switch, so you must unplug the charger from the electric socket when not in use to avoid wasting power. The charger should remain close to the electric socket and easily accessible while charging.

1 Connect the USB cable to the USB power adaptor.

2 Plug the USB cable into the device's USB port.

3 Plug the USB power adaptor into an electric socket.

4 After fully charging, disconnect the charger from the device. Then, unplug the charger from the electric socket.

Getting started

Installing the SIM Card

Insert the SIM card provided by the mobile telephone service provider

1. Remove the back cover
2. Place the SIM card on the SIM Card slot with the gold colored contacts facing downwards.
3. Install the back cover.

Installing the microSD card.

1. Remove the back cover
2. Place the microSD card on the microSD Card slot with the gold colored contacts facing downwards.
3. Install the back cover.

Note: Please plug or unplug SD Card when the device power off. It is forbidden to carry out this operation when the device is running. Any data loss or damage resulting from the faulty operations is attributed to users.

Using the touchscreen

Touch

To access an application, touch it with your finger.

Long press

To enter the available options for an item, long press the item. For example, select a contact in Contacts, long press this contact, an option list will appear.

Warning: It is recommended to make a backup before erasing all data on the device.

Press RESET DEVICE->"ERASE ALL", you can erase all data stored in the phone and return to factory settings.

- **About device:**

You can check SIM status, model and hardware, IMEI, Android version, IP address, WIFI MAC address, Bluetooth

address, software and hardware version.

FCC Note

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

SAR tests are conducted using standard operating positions accepted by the FCC with the phone transmitting at its highest certified power level in all tested frequency bands, although the SAR is determined at the highest certified power level, the actual SAR level of the phone while operating can be well below the maximum value. Before a new model phone is available for sale to the public, it must be tested and certified to the FCC that it does not exceed the exposure limit established by the FCC, tests for each phone are performed in positions and locations as required by the FCC. For body worn operation, this model phone has been tested and meets the FCC RF exposure guidelines when used with an accessory designated for this product or when used with an accessory that contains no metal.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and

on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

SAR tests are conducted using standard operating positions accepted by the FCC with the phone transmitting at its highest certified power level in all tested frequency bands, although the SAR is determined at the highest certified power level, the actual SAR level of the phone while operating can be well below the maximum value, in general, the closer you are to a wireless base station antenna, the lower the power output. Before a new model phone is available for sale to the public, it must be tested and certified to the FCC that it does not exceed the exposure limit established by the FCC, Tests for each phone are performed in positions and locations (e.g. at the ear and worn on the body) as required by the FCC. For body worn operation, this model phone has been tested and meets the FCC RF exposure guidelines when used with an accessory designated for this product or when used with an accessory that contains no metal and that positions the handset a minimum of 10 mm from the body. Non-compliance with the above restrictions may result in violation of RF exposure guidelines.

Safety Warning

General precautions

- Please use your phone in accordance with rules of area. Do not use the phone when driving.
- Do not put the battery, phone or the charger into a microwave oven; Do not put the phone in areas with high temperature, high humidity or with air that contains dust; otherwise the phone may break down.
- Do not use near fuel or chemicals; do not use the phone in areas with a potentially explosive atmosphere; otherwise the phone may break down or cause fire.
- Keep the phone out of child's reach; otherwise the child may use it as a toy and suffer injury.
- Only professional are allowed to assemble and repair the phone. It may be of great danger and against warranty to assemble and repair the phone without permission.

Battery precautions

- Do not dispose your battery or mobile in a fire, otherwise the battery may burst.
- Prevent the battery from humidity otherwise excessive heat, fuming and corrosion may occur.
- If the battery suffers heating up, discoloration or distortion during use, charging or storage, stop using it and change a new one.
- The battery life is limited and will be reduced after long and frequent charging. If it doesn't work after several cycles of charging, it indicates the end of its life.
- Always use the battery and battery charger authorized by the manufacturer. Such products of other bands may cause leakage, excessive heat, bursting and fire.
- Do not dispose of the battery with domestic garbage, instead you should dispose of it in line with the regulations.

Caution

- The manufacturer reserves the right for the changes in the technical standards without advanced notice.

- The manufacturer reserves the right for the changes in this manual without further notice.
- The manufacturer reserves the right for the changes in the technical specification without advanced notice.
- The manufacturer reserves the ultimate right for the interpretation of this manual.

Attentions

Please read the following information to safely and effectively use the device.

1. Keep away from any liquid

Keep away from rain, water, extreme humidity, sweat or other wet objects.

2. Keep away from extreme hot or cold environments

Do not place the device under the environments where temperature is lower than 0°C (32°F) or higher than 45°C (113°F).

3. Keep away from microwave

Do not place the device in microwave oven for drying.

4. Keep away from dust or mud

Do not expose to dust, mud, sand, food or other improper substances.

5. Cleaning

Please use the dry soft cloth for drying. Do not use alcohol or other cleaning agents.

6. Fall prevention

Prevent the fall from height.

12 MONTH LIMITED WARRANTY

PCD, LLC (the “Company”) warrants to the original retail purchaser of this wireless device, that should this product or any part thereof during normal consumer usage and conditions, be proven defective in material or workmanship that results in product failure within the first twelve (12) month period from the date of purchase, such defect(s) will be repaired or replaced (with new or rebuilt parts) at the Company’s option, without charge for parts or labor directly related to the defect(s).

The rechargeable battery and battery charger, if included, are similarly warranted for twelve (12) months from date of purchase.

This Warranty extends only to consumers who purchase the product in the United States, Latin America, and other countries if purchased through an authorized distributor and it is not transferable or assignable.

This Warranty does not apply to:

- (a) Product subjected to abnormal use or conditions, accident, mishandling, neglect, unauthorized alteration or programming of the original firmware and/or operating system, misuse, improper installation or repair or improper storage;
- (b) Product whose mechanical serial number or electronic serial number has been removed, altered or defaced.
- (c) Damage from exposure to moisture, humidity, excessive temperatures or extreme environmental conditions;
- (d) Damage resulting from connection to, or use of any accessory or other product not approved or authorized by the Company;
- (e) Defects in appearance, cosmetic, decorative or structural items such as framing and non-operative parts;
- (f) Product damaged from external causes such as fire, flooding, dirt, sand, weather conditions, battery leakage, blown fuse, theft or improper usage of any electrical source.

The Company disclaims liability for removal or reinstallation of the product, for geographic coverage, for inadequate signal reception by the antenna or for communications range or operation of the wireless system as a whole.

When sending your wireless device to **PCD** for repair or service, please note that any personal data or software stored on the device may be inadvertently erased or altered. Therefore, we strongly recommend you make a backup copy of all data and software contained on your device before submitting it for repair or service. This includes all contact lists, downloads (i.e. third-party software applications, ringtones, games and graphics) and any other data

added to your device. In addition, if your wireless device utilizes a SIM or Multimedia card, please remove the card before submitting the device and store for later use when your device is returned, **PCD** is not responsible for and does not guarantee restoration of any third-party software, personal information or memory data contained in, stored on, or integrated with any wireless device, whether under warranty or not, returned to **PCD** for repair or service.

To obtain repairs or replacement within the terms of this Warranty, the product should be delivered with proof of Warranty coverage (e.g. dated bill of sale), the consumer's return address, daytime phone number and/or email address and complete description of the problem, transportation prepaid, to the Company at the address shown below, an Authorized Service Center or to the place of purchase for repair or replacement processing.

The extent of the company's liability under this warranty is limited to the repair or replacement provided above and, in no event, shall the company's liability exceed the purchase price paid by purchaser for the product.

This warranty is in lieu of all other express warranties or liabilities. Any implied warranties, including any implied warranty of merchantability or fitness for a particular purpose, shall be limited to the duration of this written warranty. Any action for breach of any warranty must be brought within a period of 12 months from date of original purchase. In no case shall the company be liable for any special, consequential or incidental damages for breach of this or any other warranty, express or implied, whatsoever. The company shall not be liable for the delay in rendering service under this warranty or loss of use during the time the product is being repaired or replaced.

No person or representative is authorized to assume for the Company any liability other than expressed herein in connection with the sale of this product.
